

RUGBY SCOREBOARDS

With thousands of scoreboards installed globally during the past 20 years, FSL are market leaders in electronic scoreboard technology.

FSL focus on innovation, quality and meeting customer needs offering bespoke design and manufacturing to suit any pitch, ground or stadium. All scoreboards are built using robust weather and vandal proof enclosures containing the latest technology and up to date software specific to each sport.

As the scoreboard is a focal point, it provides a prime location for advertisers and sponsors. In many cases, the initial costs can be recouped in the first year allowing the club to generate significant revenue income from year two onwards.

Before choosing a scoreboard for your team, club or organisation why not arrange a visit by the experts and ensure your exact requirements are met and supplied within your budget.
